

EFFECTS - CANNONS

FOAM CANNON

Foam cannon

Portability of Foam Cannon is one of its main characteristics. As a result, it is an ideal device for indoor and outdoor applications, for instance in discotheques or parties, where special effects are required.

Made entirely with stainless steel. For this fact, it is highly resistant to corrosive deterioration and increases its life-span.

It includes swivel wheels with brake for an easier transport.

No pressure pump is required, only water inlet which is connected with a quick-connection plug. Low water and foam consumption.

Supplied with special Strong foam which is dry, thick and long-lasting.

Reference: 11000012

<i>Weight</i>	57 Kg.
<i>Dimensions</i>	1220x525x1165 mm
<i>Exterior finish</i>	Silver colour
<i>Power supply</i>	Single-phase 230V 50Hz

Other characteristics:

- Power absorbed 800W
- Minimum water pressure 1,5 atm
- Cable length 10 m
- Water inlet 3/4" or 1/2"
- Range 8m
- Foam production 150 m³/hour
- Foam consumption 25 litres/hour
