

PILOT SERIES - GUARD LIGHTS

BL-2 // BL-3 // WL-2 // WL-3 PILOT LINE

Guard light element (blue (BL models) or white (WL models))

Pilot Series was created to satisfy the needs of illuminating spaces where people must displace without having a lot of light.

For this reason, it is a device to be used as service lighting in theatres or show rooms.

Use of leds makes this product highly energy-efficient.

2 Pilot Line and 3 Pilot Line models are respectively

2-meter and 3-meter lighting connectable between them to light lineal long stretches.

4 high-bright blue (BL models) or white (WL models) leds are included and it is supplied through power supply, Power Supply Pilot Line 12W or 50W, connected to 230V 50Hz.

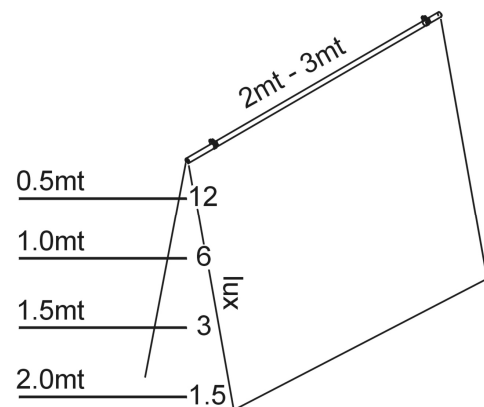

They are fixed with two bridles per stretch.
