

LIGHTING - LED FONTS

STR LED FONT 7/3 W // STR LED FONT 7/3 RGB

7 led of 3W projector for outdoor appliances

STR LED FONTS family consists of a range of focus based on led lighting, mainly in outdoor applications, either for ornamental lighting or for gardens and decorative fountains.

By using leds as lighting instead of lamps, ensures maintenance costs and significantly lower power consumption. Moreover, high performance

regulation and changing colour effects, which would be impossible to obtain in any other way, can be achieved.

This model is either available as a white light projector (W model) or as a red, green, blue and white light projector (RGB model).
